Dott.Chim. Salvo La Delfa

VERSO UN'ECONOMIA CIRCOLARE A RIFIUTI ZERO II Edizione

International Workshop / Dalla teoria alla pratica / Buone pratiche a confronto

Zero Waste Syracuse Association was formed in 2013. The association promotes initiatives for the correct waste management and for preventing waste production. In the zone, the association is the reference point for environmental issues, for the authorities and for the network of associations and volunteers.

Realize a reuse center within one of the two municipal collection waste centers

The sixth step of the Zero Waste Strategy treats the theme of reuse. Reuse gives environmental, economic and social benefits.

Municipal collection waste center of Targia: in this area we are realizing the reuse center

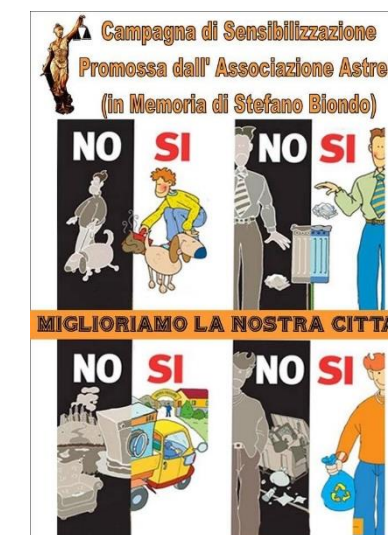

VERSO UN'ECONOMIA CIRCOLARE A RIFIUTI ZERO II Edizione

International Workshop / Dalla teoria alla pratica / Buone pratiche a confronto

Support the network of associations that have developed reuse / solidarity projects

a. "Io Dono" Astrea - In Memory of Stefano Biondo Association

b. House of Citizens: area for objects reuse

VERSO UN'ECONOMIA CIRCOLARE A RIFIUTI ZERO II Edizione

International Workshop / Dalla teoria alla pratica / Buone pratiche a confronto

Protocol with the CONAI Platform “Ecomac Smaltimenti”, for the realization of the Reuse Workshop, a laboratory of recovery of objects and materials.

The workshop will be taken care of by technical and vocational high schools students.

It is proceeding with the drafting of protocol of agreement between the Zero Waste Syracuse Association, school principals, Ecomac Smaltimenti platform and City of Syracuse.
